

PUBLIC UTILITY DISTRICT NO 1. OF KITTITAS COUNTY – SCHEDULE 1010

**Large Irrigation Service**

Availability:

Available to motor or pump loads 75kW or greater metered separately for irrigation purposes. All motor or pump loads connected under this rate schedule must have starting equipment that meets the approval of the District. Service hereunder is subject to the established rules and regulations of the District.

Type of Service:

Three phase at available secondary voltages, normally 120/240, 240/480 or 277/480.

Monthly Rate:

Minimum Charge.....	\$35.00/month
Energy Charge.....	\$.0800/kWh
Demand Charge.....	\$5.92/kW

Determination of Billing Demand:

The billing demand shall be the maximum kilowatt load used by the consumer for any consecutive 15-minute period during the month as indicated or recorded by a demand meter.

Minimum Charge:

The minimum monthly charge under this rate schedule shall be \$35.00. Any energy or demand charges incurred each month reduce this charge. If the sum of energy charge and demand charge exceeds \$35.00 there is no minimum charge in that month. If there is no energy charge or demand charge in any given month, the minimum charge is applied for that month.

Power Factor:

The customer agrees to maintain unity power factor as nearly as practicable. Demand charges will be adjusted to correct for average power factor lower than 95%.

Terms of Payment:

Payable upon receipt. Bills unpaid after the due date will be charged interest at the rate of 1% monthly.
