

PUBLIC UTILITY DISTRICT NO 1. OF KITTITAS COUNTY – SCHEDULE 1001

Small Commercial Single Phase Service – Distribution

Availability:

Available to all customers for all uses other than residential. Services connected under this schedule must have a service entrance rating of 400A or less. Single phase motors of 7.5 hp or less may be connected to this schedule. All motors of larger sizes shall be three phase and are therefore not available under this rate. Highly intermittent power loads such as x-ray machines, elevators, and similar loads which may cause undue fluctuations, will not be served unless approved by the District. Any service which exceeds 35,000kwh in three (3) or more non-consecutive months during a twelve (12) month period, is not available under this rate and will be considered Large Commercial. Service hereunder is subject to the established rules and regulations of the District.

Type of Service:

Single phase at available voltages, normally 120/240 or 240/480.
